To our King David and VTT Families,

Do you have a business or service that has now gone online?

Perhaps your eating establishment is offering take-out or delivery service, or you are now offering virtual physio consults or yoga classes. We would like to offer our families the opportunity to support businesses and services run by VTT and King David families and community members!

Please complete the form by clicking the link below by end of day, **Thursday, March 26** and VTT will organize, publish and share the results with our community on Friday, March 27.
